Bunyodjon Yoqubov

has successfully completed the online, non-credit Professional Certificate

Epic Games Game Design

In this professional certificate learners received an in-depth introduction to the fundamentals of game design, Unreal Engine as a tool, level design, blueprint scripting, visual and audio development, UX and UI design. Learners then apply skills from each course to practice exercises that eventually build to one final capstone project. Learners who complete this certificate receive a balance between theory and practice relating to game design using Unreal Engine.
